

Technical Training & Seminars

Technical Training Division

Level 1 – Incident Command: 10 Hours

Prerequisites: Minimum 18 years of age.

Course Materials: Required materials provided.

Required P.P.E.: Not applicable.

Course Overview: This ten (10) hour level 1 incident command program is the entry-level program for use of incident command for incident mitigation within industry as well as municipal fire service. This seminar is the introduction to incident command operations, and the incident management system. This seminar consists of classroom, and tabletop exercises, with an emphasis on current operational system integration. The student shall learn integration and use of the incident management system, incident command structure, elements, and components. A brief introduction to multi-agency response will be discussed. This program provides the student with the foundation skills to confidently and efficiently use the incident management system. Special attention shall be given to command structure and operational integration. Upon successful completion the student shall have the option to move into the level 2 incident command program. ****This seminar will give the student the personal skills to effectively and efficiently use the incident command system and components. Recommended bi yearly internal training be utilized to maintain skills.***

This program covers the following topics:

- Incident management system
- Elements and components of IMS
- Incident commander roles and responsibilities
- Incident command for mass casualty
- Brief history of incident command
- Scene size-up
- Incident briefing and debriefing
- Post incident critique and evaluation
- Tabletop exercise
- Communications
- Introduction to multi-agency response
- Operational integration

Certification: Students will be issued a Certificate of Completion upon successful completion of a written exam. ***Full attendance is mandatory for completion.***

Cost: Contact us for individual and group rates.
